# BUCHANAN, MICHIGAN

Driving up the tree-lined country road, you see the sunlight flash intermittently through the woods. The road ahead curves and disappears into the trees. As sunset approaches, the amber glow casts long shadows and transforms the golden wood of your front door into a radiant sight. You're home.

This is life at Starr Valley Ranch, far removed from the hustle of the city. Life here is as effortless as you make it, and the only neighbor you need to know is nature. Refresh yourself in the cool morning mist. Revive your spirit with a walk among the trees which have stood for generations.

Located in southwestern Michigan, near the town of Buchanan, Starr Valley Ranch is an oasis within easy reach of your everyday world. Less than an hour from downtown Chicago, the getaway home community feels a million miles from life's pace.

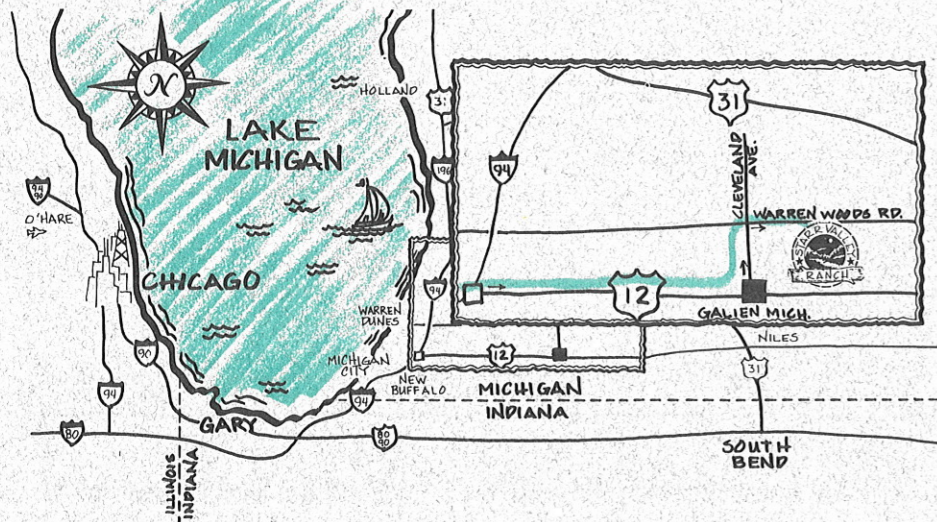

The 49 log cabin homes of Starr Valley Ranch are nestled among seven cul-de-sacs on the shores of Clear Lake. A far cry from those built by pioneers, the cabins combine modern comforts with rustic exteriors that blend into the countryside.

Here, each of the four seasons is at its best. Set your own pace year-round. Hiking and swimming are available along the secluded lake shore during summer months, or enjoy ice skating and nearby skiing in the winter. Or just sit back and take in the quiet, lush surroundings. Regardless of the season, life here is as relaxing as you make it.

A lodge provides extra room for overnight guests or may be used for private gatherings. Nearby towns, many dating back 150 years, offer all of the pleasures of a simpler life. Cider mills, wineries, bakeries and farm-fresh produce are just minutes away, without the crowds of the larger towns.

Residents of the area understand the value of simple pleasures, and that philosophy has been preserved as carefully as the virgin woods surrounding each home. Through history, four countries have claimed the area: Spain, France, Great Britain and the United States. Now, however, it can belong to you.

Starr Valley Ranch is located approximately 80 miles from Chicago in southwestern Michigan. Take Int. 94 to U.S. Hwy. 12 (Pulaski Highway) in New Buffalo, Mich. Exit east (right) on U.S. Hwy. 12 to the town of Galien, Mich. Turn north (left) on Cleveland Avenue and drive 3 miles to Warren Woods Road.
